Objective

Full Stack Developer with a B.E. in Information Technology background, experienced in end-to-end MERN stack development, building responsive web applications and RESTful APIs, and passionate about transforming ideas into scalable, user-friendly digital solutions that drive real-world impact.

Experience

CreArt Solutions, Ahmedabad

July 2025 | 15 Days | Online

MERN Stack Developer Intern

- Built REST APIs using Express.js and Node.js, connecting frontend and backend through API calls
- Developed and integrated React components, improving UI responsiveness and user experience

NovaSphere Technologies LLP, Mehsana

Jan 2026 – May 2026 | 5 Months | Offline

Web Development Intern (MERN Stack)

- Designed and developed a full-stack Flower Shop E-Commerce Website using HTML5, CSS3, JavaScript, Node.js, Express.js, and MongoDB Atlas, with RESTful APIs for product listing, order processing, user authentication, and customer reviews
- Implemented cart (LocalStorage), checkout and order history flow, integrated MongoDB Atlas with Mongoose for Users, Orders, and Products collections
- Debugged frontend and backend errors, applied version control via Git, and followed real-world project workflow practices

Projects

Flower Shop E-Commerce Website – HTML5, CSS3, JavaScript, Node.js, Express.js, MongoDB Atlas

- Built a complete e-commerce platform with product listing, real-time search, cart, checkout, and order history modules
- Developed secure user authentication and a customer review system with MVC architecture and MongoDB Atlas integration

Elite Gujarat – Explore Gujarat with One Click – HTML, CSS, JavaScript, Bootstrap

- Built a responsive travel guide website for lesser-known Gujarat destinations with hotel/car rental options and smooth navigation

Amazon UI Clone – HTML, CSS, JavaScript

- Replicated Amazon's front-end interface with responsive layout, product grid, and navigation using core front-end skills

Education

S.P.B. Patel Engineering College BE (Information Technology)

Ahmedabad–Mehsana Highway
2022 - 2026 | 8.33 CGPA
