Profile

Data Analyst with a B.E. in Information Technology background, experienced in end-to-end data analysis, customer segmentation and passionate about transforming data into actionable insights that drive business decisions.

Experience

Cre Art Solutions

July 2025

Data Analysis Intern

- Worked on a Sales Data Analysis project to extract insights from structured datasets.
- Cleaned and preprocessed data by handling missing values, duplicates, and formatting issues.
- Analysed sales trends across products, regions, and time periods to identify top-performing categories.
- Created visualizations using Matplotlib, Seaborn, and Power BI for actionable reporting.

Nova Sphere Technologies LLP

Jan 2026 – May 2026

Data Analyst Intern

- Performed end-to-end Retail Customer Behavior Analysis on 3,900 records using Python, MySQL, and Power BI.
- Cleaned data and engineered features including RFM score, CLV estimate, and churn risk label.
- Segmented customers using RFM Analysis and K-Means Clustering into 4 behavioral groups.
- Built Churn Risk and CLV models using Linear Regression; identified 88% customers as medium/high churn risk.
- Built 4-page interactive Power BI dashboard with DAX measures, slicers, and KPI drill-through.

Projects

Tracking Social Media Sentiments on Major Brands

- Developed a dynamic customer segmentation dashboard using Power BI to analyse consumer behaviour.
- Designed an intuitive data model with interactive filters and slicers for deeper insights.
- Supported data-driven marketing strategies through actionable visual analytics.

Retail Customer Behavior Analysis

- Analysed 3,900 retail customer records using Python for data cleaning, EDA, and feature engineering.
- Applied K-Means Clustering and RFM Analysis to identify distinct customer behavioral segments.
- Loaded enriched dataset into MySQL and executed 14+ business queries for KPI extraction.
- Designed a 4-page interactive Power BI dashboard with DAX measures and dynamic slicers.

Education

Saffrony Institute of Technology, Mehsana, Gujarat

2022 – 2026

B.E. in Information Technology

CGPA: 8.44

Skills and Certification

Technical Skills: Python, MySQL, PostgreSQL, Pandas, Matplotlib, Seaborn, Scikit-learn

Tools: Power BI, SQL, Tableau, Google Sheets, Kaggle, GitHub, Jupyter Notebook

Soft Skills: Teamwork, Communication, Active Listening, Analytical Thinking

Languages: English, Hindi, Gujarati

Certification: PLSD Certified (Professional and Life Skill Development)
