PROFILE

Software Developer with over **1.5 years** of hands-on experience in designing, developing, and maintaining scalable web applications. Proficient in full-stack development with a strong object-oriented programming, database management, and modern frameworks. Passionate about writing clean, efficient code and solving real-world problems through technology. While allowing me to add value to the dynamics of the company and implement the expertise and experience gained in this field to develop complex project with efficiency and quality.

EXPERIENCE

JUNIOR SOFTWARE DEVELOPER • AUGUST 2023 – APRIL 2025

Adrta Technology Pvt. Ltd., Ahmedabad

During my time at the company, I actively contributed to multiple real-time projects, gaining hands-on experience in full-cycle software development from requirement analysis and system design to development, testing, and deployment. I worked closely with cross-functional teams to build robust web applications and APIs, implement real-time features, and resolve production-level challenges, ensuring high performance and reliability.

PROJECT

Done many Industry level Projects in company.
