EDUCATION

B.E. in Computer Engineering — GTU Expected 2026
Institute of Technology & Research (GTU-ITR)
- CGPA: 8.13/10

Class 12th (Science) 2020 – 2022
Shree Sarasvati Sec. & Higher Sec. Vidhyamandir

Class 10th 2018 – 2020
Chavda S.J. & Shah S.B. High School

PROFESSIONAL EXPERIENCE

Microsoft Elevate – GTU Internship Program Jan 2026 – Apr 2026
Fice Education Pvt. Limited (in collaboration with Microsoft India) | Ahmedabad, Gujarat
- Completed 12-week Microsoft Elevate – GTU Internship on Artificial Intelligence, Machine Learning, and Microsoft Copilot.
- Gained hands-on experience with emerging AI technologies and Microsoft's Copilot ecosystem.
- Developed practical skills in AI model development, automation, and intelligent application design.
- Collaborated with peers on AI-driven projects under the Microsoft Elevate initiative.

Artificial Intelligence – Virtual Internship, CSRBOX × IBM 02 Jul – 16 Jul 2025
Ahmedabad, Gujarat
- Completed AI Summer Internship at CSRBOX in collaboration with IBM.
- Learned fundamentals of Artificial Intelligence and Python programming.
- Gained understanding of AI applications in problem-solving, decision-making, and model development.
- Worked on mini projects to explore basics of machine learning and automation.

PROJECTS

Employee Performance Prediction System
- Built a data-driven system using Python, Pandas, NumPy, and MySQL to analyze employee attendance and task completion data.
- Calculated performance metrics such as attendance %, task efficiency, and overall productivity.
- Predicted employee performance levels (Low / Medium / High) to support HR decision-making.
- Generated analytical reports to provide clear and actionable performance insights.

Task Status Tracker
- Built a Python–MySQL application to manage and track daily employee tasks.
- Monitored task status as Completed or Pending and generated summary reports.
- Used Pandas and NumPy for data analysis and productivity calculations.
- Improved team workflow efficiency by providing clear task progress visibility.

SKILLS

Languages:	Python, JavaScript
Frontend:	HTML5, CSS3, Tailwind CSS, Bootstrap
Data Analytics:	NumPy, Pandas
Database:	SQL, MySQL
Version Control:	Git & GitHub
CS Concepts:	Data Structures, OOP, DBMS, Operating Systems, Networking
Soft Skills:	Problem-Solving, Debugging, Code Optimization, Teamwork, Time Management, Communication

CERTIFICATIONS

- Microsoft Elevate – GTU Internship Program (AI & ML, Microsoft Copilot) — Microsoft India / Fice Education, 2026
- Artificial Intelligence Virtual Internship — CSRBOX × IBM, 2025
