ABOUT ME

Motivated and results-driven Computer Science Engineering student with a strong foundation in web development, machine learning, backend technologies, and data-driven problem solving. Completed a 6-month Software Development Internship at Bloom IT Tech, Ahmedabad, gaining hands-on experience in a professional development environment. Passionate about building scalable applications and learning modern technologies.

EXPERIENCE

Bloom IT Tech – Iskcon, Ahmedabad | Full Stack Developer Intern | (Feb 2026 – Aug 2026)

Under the guidance of Sagar Shukhnandi

- Gained practical industry experience in a professional software development environment.
- Contributed to web application development, frontend/backend tasks, API integration and testing using POSTMAN, database operations, debugging, finding bugs and application improvements.
- Collaborated with senior developers to understand requirements and implement maintainable solutions.

EDUCATION

Lok Jagruti University — B.E. Computer Science and Technology (2023–2027) (SEM-7)
Shree S.V. Shah Vidhyavihar — Secondary Education, GSEB Board (2022–2023)

TECHNICAL SKILLS

Programming Languages: JavaScript, Java, Python, C#
Frontend: HTML, CSS, React.js
Backend: Node.js, Express.js, Django, Java, Python, JDBC
Databases: MySQL, MongoDB, PostgreSQL
Frameworks: MERN Stack (MongoDB, Express.js, React.js, Node.js), .NET
Machine Learning & Data Analysis: Scikit-learn, TensorFlow, NumPy, Pandas
Data Structures & Algorithms: Proficient in Java

PROJECTS

Personal Online Diary — Developed a secure MERN-stack diary app with JWT authentication, encrypted cloud storage, responsive UI, and RESTful APIs; optimized load performance by 25%.
Quick Rooms – Hotel Booking Website — Built a full-stack Django web application featuring user authentication, payment tracking, an admin panel, dynamic database-driven pages, and responsive frontend.

ACHIEVEMENTS & CERTIFICATIONS

- Completed a 6-month Full Stack developer Internship at Bloom IT Tech, Ahmedabad.
- Built and deployed multiple full-stack web applications on GitHub.
- Exploratory Data Analysis for Machine Learning — Coursera.
- Introduction to HTML, CSS & JavaScript — Coursera.
- Java Programming: Introduction, Inheritance & Data Structures — Coursera.

CAREER OBJECTIVE

Passionate about building high-quality software and transforming data into practical solutions. Seeking a software development opportunity where I can combine my full-stack and backend development skills, industry internship experience, and AI/ML exposure to contribute to real-world projects and grow as a software engineer.
