MOKSH N. PATEL

QA Engineer | Manual Software Tester | Web & API Quality Analyst

Patan, Gujarat | +91 8780125618 | mokshpatel1602@gmail.com | linkedin.com/in/moksh-patel-430736362

PROFESSIONAL SUMMARY

Detail-oriented Quality Assurance (QA) Analyst with extensive hands-on experience in manual testing of web applications and REST APIs. Proficient in software requirement analysis, test scenario formulation, detailed test case design, functional, regression, smoke, sanity, and cross-browser testing. Strong technical background in SDLC, STLC, Agile/Scrum methodologies, SQL backend data verification, and defect life cycle management. Adept at collaborating closely with software developers and cross-functional teams to identify root causes, streamline bug resolution, and deliver high-quality, defect-free software solutions.

TECHNICAL SKILLS

- **Testing Methodologies:** Manual Testing, Functional, Regression, Smoke, Sanity, Integration, System, Black Box, Cross-Browser Testing
- **QA Concepts & Life Cycle:** Software Testing Life Cycle (STLC), SDLC, Agile / Scrum, Test Scenarios, Test Cases, Bug Life Cycle, Defect Reporting, RTM
- **API & Database Testing:** Postman (REST API validation, status codes, payload verification), SQL (Queries, Joins, Backend Data Validation)
- **Tools & Environment:** Jira, TestRail, Postman, Git, GitHub, MS SQL Server, Visual Studio Code, Visual Studio
- **Technical Understanding:** C#, .NET MVC, JavaScript, HTML5, CSS3 (helps in developer communication, bug isolation & technical triage)
- **Soft Skills:** Analytical Thinking, Attention to Detail, Bug Documentation, Problem Solving, Effective Team Collaboration

PROFESSIONAL EXPERIENCE

QA Engineer / Software Tester | MAA INFOSOFT, Ahmedabad Jan 2026 – Present

- Analyze business requirements, user stories, and acceptance criteria to design comprehensive test scenarios and test cases.
- Perform end-to-end functional, smoke, sanity, regression, and cross-browser testing across enterprise web applications built on .NET MVC.
- Identify, document, and track software bugs with precise reproduction steps, screenshots, and logs in bug management tools.
- Execute database validation using SQL queries (SELECT, JOIN, WHERE) to verify data accuracy, table schemas, and back-end updates.
- Participate actively in daily Agile/Scrum stand-ups and sprint reviews, collaborating with developers to confirm bug fixes and release readiness.

QA & Web Testing Intern | 99 Partners Digicom Pvt. Ltd. Jun 2025 – Nov 2025

- Tested end-to-end merchant onboarding, profile setup, and product listing workflows, identifying and logging functional and UI anomalies.
- Conducted manual API testing using Postman to validate HTTP status codes, JSON request/response payloads, and authentication tokens.
- Collaborated with front-end developers to ensure accurate layout rendering and seamless user navigation across target browsers.

KEY PROJECTS & TESTING VALIDATION

E-Commerce & Merchant Onboarding Platform Testing (99digicom)

- Authored 80+ detailed test cases covering account registration, multi-step onboarding, store profile setup, and cross-browser behavior.
- Identified critical edge cases regarding file upload limits, session timeouts, and form validation errors, enhancing application usability by 25%.

Workflow Automation System Validation (MVCAutomationSystem)

- Executed end-to-end testing of automated background task tracking and scheduled workflows built with C# and MS SQL environment.
- Verified relational database integrity before and after batch executions using SQL queries, ensuring complete accuracy and zero data loss.

EDUCATION

B.E. in Information Technology | Shantilal Shah Engineering College | CGPA: 8.05 (2022 – 2026)

Higher Secondary Certificate (HSC - Class XII) | Jawahar Navodaya Vidyalaya, Patan | Percentage: 74.4% (2022)

Secondary School Certificate (SSC - Class X) | Jawahar Navodaya Vidyalaya, Patan | Percentage: 78.6% (2020)
