CAREER OBJECTIVE

Motivated and detail-oriented final-year BCA student, currently pursuing M.Sc. IT (Artificial Intelligence & Machine Learning) at Ganpat University, Ahmedabad. Proficient in Python, Java, Django, and MySQL with hands-on project experience in software development and business intelligence. Seeking an internship or entry-level Software Developer role to contribute to real-world AI, ML, and web development projects.

EDUCATION

M.Sc. IT – Artificial Intelligence & Machine Learning *Currently Pursuing*
Ganpat University, Ahmedabad

Bachelor of Computer Applications (BCA) *2022 – 2025*
Ganpat University, Ahmedabad

TECHNICAL SKILLS

- Programming: Python (Intermediate), Java (Basic)
- Web Development: HTML5, CSS3, Django Framework
- Database: MySQL, DBMS
- Concepts: Object-Oriented Programming (OOP), REST APIs, Data Handling, MVC
- Tools & Platforms: Git, GitHub, VS Code
- Business Intelligence: Microsoft Power BI, DAX, Power Query, Microsoft Excel, Data Visualization
- Currently Learning: Machine Learning, Data Science, NumPy, Pandas

PROJECTS

PhonePe Data Analytics Dashboard *Power BI, DAX, Power Query, Excel*

- Developed an interactive Business Intelligence dashboard using Microsoft Power BI to analyze 300,000+ digital payment transactions and 108,000+ user records
- Performed data cleaning and transformation using Power Query to prepare large-scale transaction datasets for analysis
- Created custom DAX measures to calculate key business metrics and performance indicators
- Designed an executive dashboard featuring KPI cards, interactive charts, slicers, and custom report tooltips for intuitive data exploration
- Technologies Used: Microsoft Power BI, DAX, Power Query, Microsoft Excel, Data Visualization, Business Intelligence

Hotel Management System *Python*

- Designed and built a fully functional menu-driven hotel application using core Python
- Implemented number-based food ordering system with repeat order functionality
- Developed automated order history tracking and total billing calculation
- Applied Python data structures: lists, dictionaries, loops, and modular functions
- Demonstrates strong problem-solving skills and clean, modular code organization

PROFESSIONAL SKILLS

Time Management • Team Collaboration • Quick Learner • Problem Solving • Attention to Detail
