CAREER OBJECTIVES

Motivated and detail-oriented Full Stack Developer with hands-on experience in building real-world applications, including CRM and ERP systems using Flask, REST API, and MySQL, as well as a Job Portal System (NextHire) using Django. Skilled in Python, backend development, database integration, and secure API implementation, along with frontend technologies like HTML, CSS, Bootstrap, JavaScript, and jQuery. Seeking a full-time opportunity to contribute my technical and problem-solving skills in a growth-oriented organization, while continuously learning and delivering scalable, value-driven software solutions.

Technical Skills

- **Programming Languages:** Python, JavaScript
- **Web Technologies:** HTML, CSS, Bootstrap 5
- **Frameworks:** Flask, Django, FastAPI, Frappe Framework
- **Python Libraries:** NumPy, Pandas
- **ERP Systems:** ERPNext
- **Database:** MySQL, MariaDB
- **ORM:** Django ORM
- **API Integrations:** Razorpay, Gemini Chatbot, SMS Gateway, Google API
- **Web Services:** REST API, JWT Authentication
- **Tools & Libraries:** jQuery, Chart.js
- **Development Tools:** Visual Studio Code, PyCharm, Jupyter Notebook, Bench CLI
- **Operating Systems**: Ubuntu Linux
- **Database Tools:** MySQL Workbench, XAMPP Server
- **Version Control:** Git,Github

Internship Experience

Full Stack Python Developer Intern — January 2025 – Aug 2025 (7 Months)

Litbros Pvt. Ltd. – Amravati, Maharashtra.

Technologies: Python, Flask, MySQL, HTML, CSS, Bootstrap 5, JavaScript, jQuery, REST API.

- Worked on two real-world enterprise applications: LeadSphere CRM and Gym ERP System to improve business operations and lead management.
- Designed and developed backend logic using Flask (Python) with structured MySQL databases for managing customers, leads, payments, and gym memberships.
- Built responsive front-end interfaces using HTML, CSS, Bootstrap 5, and added interactivity with JavaScript and jQuery.
- Integrated Razorpay Payment Gateway via REST API to enable secure online transactions, automated billing, and payment status tracking.
- Developed core modules including user authentication, dynamic forms, data search/filter, PDF invoice generation, and file upload.
- Created interactive dashboards using JavaScript chart libraries for real-time analytics and performance visualization.

Projects

1. LeadSphere – Comprehensive CRM Solution for Project Leads — *GitHub Repository*

Tech Stack: Flask, Python, MySQL, HTML, CSS, Bootstrap 5, JavaScript, jQuery, Chart.js.

- Built a full-featured Customer Relationship Management (CRM) system for tracking project leads and managing client communications.
- Created an interactive analytics dashboard using JavaScript chart libraries to visualize performance metrics and lead conversion rates.
- Designed lead assignment workflows, follow-up reminders, and filter/search features for faster lead handling.

- Added modules for role-based user access, secure login/logout, and CRUD operations with database integrity.

2. Gym ERP System – End-to-End Gym Management Platform
Tech Stack: Flask, Python, MySQL, HTML, CSS, Bootstrap 5, JavaScript, Razorpay REST API, Chart.js.

- Developed a centralized ERP solution for gyms to manage memberships, trainers, payments, and attendance tracking**.**
- Integrated Razorpay API for handling monthly and yearly subscription payments.
- Built admin panels for viewing member data, tracking trainer schedules, and generating reports.
- Implemented file upload and PDF generation for receipts and member registration forms.
- Ensured a clean, mobile-responsive UI for better user experience using Bootstrap 5 and advanced CSS.

3.NextHire – Job Portal System (Personal Project) *GitHub Repository*
Tech Stack: Django, Python, REST API, JWT Authentication, HTML, CSS, Bootstrap 5, JavaScript, jQuery, Data Tables, AJAX.

- Built a complete job portal system with Admin, Company, and Candidate modules.
- Implemented secure JWT authentication for login.
- Integrated Gemini API Chabot as a Career Assistant for candidates.
- Designed dashboards with CRUD operations, job posting, and application tracking.
- Created an interactive frontend using Bootstrap 5, jQuery, and Data Tables.

Education

- MCA – G.H. Raisoni University, Amravati (2023–2025) | CGPA: 8.9
- BCA – Smt. Kesharbai Lahoti Mahavidyalaya, Amravati (2020–2023 | Percentage: 76%

Certifications

- **Mastering HTML and CSS** – Udemy
  Completed practical exercises and mini-projects to build responsive, modern web pages.

Extra-Curricular Activities

- **1st Place in Abacus Competition** – Demonstrated strong mathematical and problem-solving skills at the school level.
- **Winner of "Error Removal Competition"** – Successfully debugged all errors in the given code during an MCA-level coding challenge.
- **College Event Volunteer** – Actively contributed to organizing and managing departmental events, improving leadership and teamwork abilities.
