MITESH SUTHAR

Senior UI/UX Designer | Product Designer

Ahmedabad, India | miteshuiux@gmail.com | +91 95108 26931 | linkedin.com/in/miteshsuthar | miteshdesign.framer.website

PROFESSIONAL SUMMARY

Senior UI/UX & Product Designer with 8+ years of experience creating user-centric web and mobile applications for SaaS, AI-powered platforms, B2B enterprise, IoT, Healthcare, and E-commerce platforms. Skilled in UX research, interaction design, information architecture, wireframing, prototyping, usability testing, design systems, and accessibility (WCAG). Proven ability to collaborate with product managers, engineers, and stakeholders to deliver scalable, high-quality digital experiences that improve user satisfaction and drive business outcomes.

PROFESSIONAL EXPERIENCE

Senior UI/UX & Product Designer, Zeus AI, Ahmedabad, India

Mar 2023 – Oct 2025

• Led end-to-end product design for **3+** Enterprise **dashboard products** and industrial **IoT monitoring** platforms, transforming complex operational data into intuitive **user experiences**.

• Redesigned dashboard information architecture to **improve** data interpretation and streamline operator workflows..

• Designed real-time monitoring interfaces that enabled operations teams to identify machine issues faster and respond more efficiently to critical alerts.

• Built and maintained scalable **design systems** and reusable component libraries, ensuring consistency across multiple enterprise products.

• Created wireframes, interactive prototypes, and high-fidelity UI in **Figma** while collaborating closely with product managers and engineers throughout the product lifecycle.

• Delivered **5+ large-scale produc**t modules from discovery and ideation through implementation and developer handoff.

Senior UI/UX Designer, Bytes Technolab Inc, Ahmedabad, India

Jul 2021 – Feb 2023

• Led end-to-end UI/UX design for **12+ web and mobile products** across SaaS, e-commerce, and international client engagements.

• Collaborated with product managers, developers, and stakeholders to translate business requirements into intuitive, user-centered digital experiences.

• Designed scalable design systems, reusable component libraries, and interactive prototypes in **Figma**, improving design consistency and development efficiency.

• Created user flows, wireframes, interactive prototypes, and high-fidelity interfaces while ensuring responsive design, accessibility, and seamless developer handoff. Conducted competitive analysis and usability evaluations to improve the overall **user experience**.

UI Designer, Dolphin Web Solution Pvt. Ltd., Ahmedabad, India

May 2019 – Jun 2021

• Designed user interfaces for **15+ web and e-commerce** platforms serving international business clients.

• Created reusable UI libraries that improved visual consistency across product screens and accelerated delivery workflows.

• Collaborated closely with front-end developers to ship responsive, production-ready digital experiences on schedule.

UI Designer, CMExpertise Infotech Pvt. Ltd., Ahmedabad, India

Sep 2017 – Apr 2019

• Designed responsive web and mobile interfaces for **8+** client-facing digital products across diverse business domains.

• Improved usability by simplifying layouts, strengthening visual hierarchy, and refining interaction patterns based on user feedback.

• Managed multiple concurrent design deliverables while maintaining consistent quality and on-time delivery.

Graphic & Web Designer, Breezeway Tech, Ahmedabad, India *Oct 2015 – Aug 2017*

• Designed websites and digital assets for **20+ small business and client projects** across web and branding initiatives.

• Built consistent visual design foundations and supported front-end implementation, strengthening core web and branding design skills.

EDUCATION

Bachelor of Computer Applications (BCA)

HNGU University, Patan, Gujarat | Mar 2012 – Mar 2015 | CGPA: 7.00/10

CORE SKILLS

UX Research: User Research, User Journey Mapping, Usability Testing, Card Sorting, Competitive Analysis

UI & Product Design: User Interface Design, Product Thinking, Design Thinking, User Personas, Responsive & Mobile App Design, Interaction Design, Micro-interactions

Design Systems: Design Systems, Component Libraries, Design Tokens

Prototyping: Wireframing, Rapid Prototyping, High-Fidelity Mockups

Accessibility: WCAG 2.1 Compliance

AI & Emerging Tech: AI-Powered Dashboard Design, AI Design Tools, AI-First Interface Design

Analytics & Testing: Google Analytics, Hotjar, Maze, A/B Testing

Collaboration: Cross-Functional Collaboration, Stakeholder Management, Agile/Scrum, Design

Handoff Tools: Figma, Framer, Adobe XD, Miro, Jira, Notion

SELECTED PROJECTS

Gold-Tech — Industrial IoT Platform | Zeus AI View case study
Led UX design for an industrial IoT monitoring platform, translating real-time sensor data into actionable operator dashboards..

Stork App Inc. — SaaS Platform | Bytes Technolab Inc View case study
Designed core product flows and UI for a B2B SaaS platform, focusing on usability and scalability.

Pranovate — Healthcare SaaS Platform | Freelance Project View case study
Designed end-to-end user experiences for a healthcare SaaS platform, including user flows, wireframes, and high-fidelity interfaces to simplify healthcare workflows.

LiquorLoop — Alcohol Delivery App (USA) | Bytes Technolab Inc View case study
Designed a seamless alcohol e-commerce and delivery experience for a US-based platform, focusing on product discovery, category navigation, shopping cart, checkout, and a user-friendly mobile shopping experience.

Figma Case Study: Open Figma | **Behance:** www.behance.net/miteshuiux
